

The Big “O” Staybolizer

- A unique, stabilizing oxygen supplement with over 200+ encoded frequencies. (Frequencies are encoded through an advanced electronic encoding system with very specific sound and light waves.) Each series of frequencies contained in the atomic structure of this oxygen product represent perfectly balanced glands, organs, vitamins, minerals and trace minerals, full spectrum colors, and much more – to the benefit of mankind and animals!
- Revitalizes your body and increases stamina and mental clarity.
- High bioavailability liquid oxygen works to promote overall well-being

The body can't function without oxygen, and too often we get only enough to sustain us. The StaybOlizer is a revolutionary liquid, which helps deliver more oxygen and balanced frequencies for our optimum health. So experience the vitality, stamina and energetic effects of the only encoded oxygen product on the planet!!! 30 Day Money Back Guarantee, call us for details! Try it now and see for yourself the affects of this amazing new product.
